

Option Pricing: A Computational Framework

Overview

Options are frequently used nowadays as hedging instruments to protect the investors from potential losses. The associated option pricing problems are modeled through numerous types of differential equations, some of which are stochastic whereas the others are deterministic. Seeing that the values of these options depend on other assets for which these are written, an in-depth study of how these options are modeled and valued plays an important role. Furthermore, such models are very complex and hence their sophisticated approximation by means of suitable computations techniques is unavoidable. The aim of this course is therefore twofold: (a) introduce the participants with basics of option pricing, and (b) an extensive discussion on various computational tools to simulate these types of problems.

The objectives of the course are:

- i) To introduce the post-graduate students and emerging researchers to financial instruments, their modeling and simulations,
- ii) To equip the participants with relevant mathematical skills through sophisticated analytical and computational tools from financial engineering,
- iii) To expose the participants to some robust simulation techniques which are used to price some financial instruments.

Participants will gain some advance knowledge on above topics through lectures and tutorials with hands-on experiments. Also case studies and assignments will be shared to stimulate research motivation of participants.

Course Schedule	December 18-23, 2023												
You Should Attend If...	<p>Number of participants for the course will be limited to fifty.</p> <ul style="list-style-type: none"> ▪ You are a Ph.D. scholar or a student have enrolled for one of the following degree programme: MBA/BBA/M.Com/B.Com/MA/BA/M.Tech/B.Tech/MSc/BSc or completed. ▪ You are a faculty member /executive/business analyst/financial analyst/banker/scientist. Some quantitative background in Mathematics/Statistics/Economics may be an advantage. 												
Course Fee	<p>One-time GIAN Registration: Please visit http://www.gian.iitkgp.ac.in/GREGN/index and register by paying Rs 500/- (those who have already been registered and paid, need not again) then opt the course under course registration tab and save. After completing this process please inform to the course coordinator by e-mail. The participation fees for taking the course is as follows:</p> <table style="width: 100%; border: none;"> <tr> <td style="padding-left: 20px;">Participants from abroad :</td> <td style="text-align: right;">US \$ 125</td> </tr> <tr> <td style="padding-left: 20px;">Industry/Research Organizations :</td> <td style="text-align: right;">Rs. 2500</td> </tr> <tr> <td style="padding-left: 20px;">Academic Institutions :</td> <td></td> </tr> <tr> <td style="padding-left: 40px;">a) Faculty :</td> <td style="text-align: right;">Rs. 2000</td> </tr> <tr> <td style="padding-left: 40px;">b) Ph.D. Scholar :</td> <td style="text-align: right;">Rs. 1500</td> </tr> <tr> <td style="padding-left: 40px;">c) UG/PG Student :</td> <td style="text-align: right;">Rs. 1000</td> </tr> </table> <p>The above fees include all instructional materials kit, certificate, use of computer facilities for tutorials and assignments, 24 hour free internet facility. The participants will be provided accommodation on payment basis.</p>	Participants from abroad :	US \$ 125	Industry/Research Organizations :	Rs. 2500	Academic Institutions :		a) Faculty :	Rs. 2000	b) Ph.D. Scholar :	Rs. 1500	c) UG/PG Student :	Rs. 1000
Participants from abroad :	US \$ 125												
Industry/Research Organizations :	Rs. 2500												
Academic Institutions :													
a) Faculty :	Rs. 2000												
b) Ph.D. Scholar :	Rs. 1500												
c) UG/PG Student :	Rs. 1000												

The Faculty

Dr. Kailash C. Patidar is currently working as a Senior Professor and Head of the Department of Mathematics, University of the Western Cape, South Africa. He received his PhD (Mathematics) in 2002 from Indian Institute of Technology (IIT) Kanpur, India. He visited universities of Tuebingen (Germany) and Pretoria (South Africa) for his post-doctoral studies. He received a C2 Rating (established researcher) from the South African National Research Foundation for the period 2010-2015; 2016-2021 and C1 rating for the period 2022-2027. His research involves mathematical methods and scientific computing for application problems that arise from the interactions between natural and life sciences as well as those from the engineering domain. He has published numbers of research papers in journals of international repute and supervised 22 PhD theses. He is a reviewer of several peer reviewed journals. Some of his important research publications in the field of computational finance are listed on <https://www.uwc.ac.za/Biography/Pages/01Prof.-Kailash-Patidar.aspx>

Dr. Gajendra K. Vishwakarma is currently working as an Associate Professor in the Department of Mathematics & Computing, Indian Institute of Technology (Indian School of Mines) Dhanbad, India. He obtained his PhD (Statistics) in 2007 from Vikram University Ujjain, India. He worked in both theoretical as well as applied statistics and has several years of academic and industrial research experience. He is recipient of SIRE Fellowship Govt of India. He has published numbers of research papers in web of science listed journals and supervised 13 PhD theses. Further details about his academic and research credentials can be seen on https://www.iitism.ac.in/index.php/Departments/faculties_apmat

Course registration fee can be paid either by NEFT preferably (Account holder name: The Registrar, Indian Institute of Technology (ISM) Dhanbad: Account No. 0986101009746; IFSC Code: CNRB0000986; Bank: CANARA BANK; Branch Name: Saraidhela Dhanbad) or by sending a demand draft in favour of "Registrar, IIT(ISM) Dhanbad" payable at Dhanbad – 826004 on or before November 30, 2023. The course fee is non-refundable. For further clarification, please contact the course co-ordinator.

REGISTRATION FORM

Option Pricing: A Computational Framework [Course ID: 191058K01]
(December 18-23, 2023)

(Send the soft copy of this form to course coordinator through e-mail; word file available on the website)

1. GIAN Registration/Application Number: _____
2. Full Name: _____
3. Date of Birth: _____ Category (Gen/OBC/SC/ST) _____
4. Participation type (Industry/Academic/Student): _____
5. Qualification/Degree Programme: _____
6. Organization: _____
7. Address: _____

8. E-mail ID: _____ Mobile No.: _____
9. Fee Detail: Payable to "Registrar, IIT(ISM) Dhanbad", CANARA BANK, Saraidhela, Dhanbad
 - i) Transaction No. (e-transfer/RTGS/NEFT): _____ Date: _____ Amount: _____
 - ii) Demand Draft No. (If paid by Demand Draft): _____ Date: _____ Amount: _____
10. Accommodation Required: Yes/No: _____ in Hostel/Guest House _____
(Hostel will be provided as per institute norms, it might be free or with nominal charges, however guest house charges will be Rs 600/- plus GST per day on sharing basis.)

Paste your soft copy of recent photograph

Place : _____

Date : _____

Signature of the Applicant: _____
